Leaflet Sign-Up: I'll Be There!

After three months of bargaining, Management is still not addressing our concerns. Join with union co-workers to get the word out to our community and show PRMCE leadership we're not going to settle for less.

Federal labor law protects our right to leaflet as long as we don't interrupt or impede work and as long as we do this activity on our own time, not during work time. Help leaflet to the community for all or part of a shift during your lunch, on a break or before/after work.
