**September 25 – 27, 2018**

This year the Governor's Industrial Safety & Health Conference offers a track specific to the various needs of healthcare workers and providers. Workshop topics this year focus on workplace violence, de-escalation, and resiliency training in a healthcare setting, blood borne pathogens, infectious agents and ergonomic concerns. Check out the website [www.GISHAB.org](http://www.GISHAB.org). Registration will open in July.
