

On May 30, we're standing together across the country to say, **Kaiser: Don't Destroy Our Partnership!**

It's up to us — the 85,000 members of the Coalition of Kaiser Permanente Unions — to save our Partnership with Kaiser.

Kaiser and its executives are making record earnings, with **\$28 billion** in reserves, a **22%** increase in profits last year, and dozens of executives making salaries of **over one million dollars**.

But when it comes to frontline healthcare workers, Kaiser is outsourcing hundreds of

our jobs, attacking our pay and benefits, refusing to bargain with us, and trying to silence our voices.

And now Kaiser is trying to walk away from the Partnership that has guaranteed quality patient care and good jobs for over 20 years.

We will not let Kaiser force us back to the years of ugly labor wars and substandard patient care and jobs.

On May 30, join with 85,000 other members of the Coalition as we raise our voices to tell Kaiser: PARTNERSHIP TAKES TWO!

**COALITION OF
KAISER PERMANENTE
UNIONS**

NATIONAL DAY OF ACTION
Wednesday, May 30

**Dress Up in Blue
to Show our Unity**
