

## PRMCE/OPEIU Local 8 Bargaining Update

Thank you to all who showed up to the UFCW Information Picket. Your support was very much appreciated. The nurses were also out there along with members from Teamsters 38, Machinist 751, AFSCME and a few patients.

One patient had a great statement to share: "I used to be a Teamster, I'm now retired and I gotta tell you I've been here at this hospital many times for a variety of procedures and the nurses, doctors and staff have saved my life and seeing these people here are the people that have helped me. I promised myself and a friend from the food bank that if there's ever a picket or action I'll be out here supporting. I can't even count how many times I've been here for procedures and a number of surgeries and the staff, all the folks have taken great care of me and literally saved my life. Anything I can do to support these wonderful people I'm glad to do it. I was just here on Monday for a procedure. I'm really thankful."
