Dear Sharon Lee,

LIHI management states on the LIHI website that LIHI is committed to residential stability and quality of life....

We, the OPEIU Local 8 Union Members, demand that LIHI's commitment be extended to the employees of LIHI who are part of the community.

We are dedicated LIHI employees who are:

- Living paycheck to check
- Understaffed and overworked
- Facing our own rent increases and food insecurities
- Struggling to make ends meet because of the higher cost of living

We want:

- Wages that keep up with the cost-of-living (CPI) which is 7.6%
- Financial stability and economic security
- To lower the wage gap between executive staff and Union staff (Executive Director earns \$273,000 and Chief Financial Officer earns \$179,000)
- Better staff retention for better client outcomes
- A stable quality of life

Signed,
