Workers' rights and specifically Union workers rights are under attack by corporation-backed candidates want to erode the current laws that benefit working families. We must fight back in our workplaces, at the bargaining table and at the legislative level or risk losing all we as workers have fought to win over the years. The Political Action Committee (OPAL) is a great way for Local 8 members to work together to be engaged in the political process in the communities we work and live in. From member education and getting out the vote, to direct action, lobbying our elected representatives and deciding which initiatives, issue campaigns and candidates to support, there are many ways members can make a difference. Meetings are held monthly, usually meet on the first Tuesday of each month at 600pm by Zoom.

Become a member of OPEIU Local 8 Political Action Committee (OPAL) and make sure your voice is heard! [Join here.](#)
