## **Your Bargaining Team Recommends a NO Vote**

Your Bargaining Team has been in full contract negotiations for several months, and most recently engaged in Meditation to attempt to conclude our negotiations and bring forward a contract proposal that we could recommend. We continue to disagree with several of the proposals management is bringing forward as they are not beneficial to the group as a whole.

This evening we will vote on the last proposal that was given by management to see if you, as a Union Member, want to accept the terms that management wants you to agree to.

We will present all the information this evening with explanations and answer any questions you may have before we have our IN-PERSON VOTE.

We have heard your concerns with attending in-person and have changed the location (just across the parking lot) to allow for a meeting space that is more conducive to people needing to bring their children because of childcare issues.

We will provide finger foods and beverages during the meeting.

This afternoon another email will be sent out with the Tentative Agreement that you will be voting on this evening. We will have copies of this at the meeting tonight that we will go over before you have the opportunity to vote.
