## **Weingarten Rights**

If you reasonably believe that a meeting could lead to discipline or termination you can ask, during or before the meeting, that your Union Representative be present before continuing. Your supervisor should pause the meeting and give you an opportunity to contact your Union Representative, Tara, to schedule a meeting at a mutually agreeable time. If your supervisor refuses and continues to question you, do not leave the meeting! Continue to say that you want to cooperate, but you need your representative present before the conversation continues.
