Our Outreach, Engagement, Visibility Committee invites all Local 8 members and your families to participate in this volunteer project at Solid Ground's Marra Farm. The vegetables go to their Food Bank. No gardening experience required!

Here are a few photos from our Marra Farms Volunteering Event last October:

We'll work on building soil, preparing vegetable beds, planting vegetable starts and seeds, weeding by hand, composting, watering, etc. Plan to wear clothes for working outside in the weather (i.e. raincoat, warm socks, sturdy closed-toe shoes, a sunhat, sunscreen, etc.). Participants can bring your own gardening gloves, or the farm will provide some (which are laundered in between uses).
