Sign in Solidarity with Local 8 Human Services Members & Starbucks Workers

Our Union represents over a thousand human & homeless services workers across the state. As local and state budgets face millions in cuts, we must stand together to protect our livelihoods.

We need to take this fight to the state – sign [this letter](#) to Governor Ferguson in support of funding for essential service workers.

Thank you to our friends at the Seattle/King County Coalition on Homelessness for sharing this advocacy opportunity and the Washington Anti-Poverty Advocates Group for drafting the letter. **Please sign on by January 30th.**

No Contract, No Coffee!

We've been watching the historical battle for a union at corporate conglomerate Starbucks unfold over the past several years. OPEIU Local 8 stands in solidarity with Starbucks Worker's United and their fight to improve working conditions.

[Sign on](#) to pledge your solidarity with Starbucks Workers United and show big corporations that we say NO to union busting
