BARGAINING UPDATE

OCTOBER 3, 2025

INTRODUCING OUR BARGAINING COMMITTEE

Bargaining Begins in October

Our contract campaign is kicking into high gear with our first session scheduled for October 15th. Our bargaining team has been eager to get started; we originally provided upwards of 13 possible dates in September to meet management at the negotiation table. Providence delayed their response until it was too late to schedule in September – a display of their contempt and disrespect for us and the work we do daily to keep the hospital running. Management thinks they can break our resolve through delaying the process, but they've got another thing coming. We have a strong, passionate, and pissed off team of caregivers ready to hold the line and fight for what we deserve.

The bargaining team represents Providence workers at the table with management. This team will be in close contact with our Contract Action Team. The Contract Action Team (CAT) will keep the rest of the bargaining unit up to date on what's going on the table and will spread the word about actions we can all take to put pressure on management.

Are you the person in your department who everybody talks to when they have questions or concerns? **Sign up for CAT!** Email Nallely (nallely@opeiu8.org) to join the team.

Our first two bargaining dates are scheduled for Oct. 15 and Oct. 29.

Bargaining will take place in person at Staybridge Suites in Mukilteo.

Let's show up and show Providence we are ready to fight and win!
